WHY CHOOSE CAMP M?

CAMP M CURRICULUM

Our group-based, intentional programming fosters the individual potential of each child. Campers can look forward to a fun and exciting variety of themes and specialty units, plus child directed activity opportunities. Don't forget, Camp M programs are famous for being on the go and out and about, making use of all that our community has to offer.

TWO FIELD TRIPS WEEKLY!

We boast the best field trips... period! The trips are about great destinations. Each trip is programmed and planned by staff to make the most of the experience.

AQUA AND ADVENTURE TRIP DAYS

Every summer camp has swimming field trips, but ours are something far more special. The trips include Cool Waters and a variety of other swimming destinations (weather permitting of course). The day also includes some of Camp M's world famous fun and adventurous activities like:

Treasure Quest, Photo Scavenger Hunts, Fishing, Follow Trails, Geocaching, Water Frolics, Pizza Lunch Days, All Camp Sing Alongs, Nature Hikes and so much more!

No two trips are the same! Aqua and Adventure Trip Days are another perfect example of why Camp M is the best. A regular swim day is fun, but at Camp M... it is something extraordinary!

QUALITY STAFF

Camp M staff are adults with extensive training, education and experience. Some Camp M staff have been with us over twenty years! All Camp M staff are committed to Milestones, the Camp M program, and most of all, the children and families we serve. The quality of our staff is what brings families back year after year.

EXCELLENT STAFF/CHILD RATIOS

Our average staff to child ratio is 1 to 8 and on field trips it averages 1 to 5. These ratios translate to more activity choices and more individualized attention for your child. It also means a safer experience and environment for your child.

Camp M is the perfect experience for building lifelong memories for your child.
