EMERGENCY CONTACT
The State of Wisconsin requires that an Emergency Contact is listed that is not one of the parents/guardians. Not having one listed will delay your registration.

IMMUNIZATION RECORDS
Please make sure to enter all immunization records for your child/children. Use this date format xx/xx/xxxx.
If you do not have your child/children’s immunization records you can find them online at: IMMUNIZATION RECORDS

ALLOW YOURSELF ADEQUATE TIME
The State of Wisconsin is very precise with the information they require. Please set aside 30 minutes of time to read through the registration information and complete the registration process.

TO ADD MORE PROGRAMS OR SIBLINGS
After you complete the registration questions for one child, you will be taken back to the summary screen.
Here you are able to add an additional program or additional child to your account.
- To add more students look to the top of the screen and click “ADD STUDENT”
- To add additional programs click “ADD MORE PROGRAMS” next to the child’s name
- Each component is considered a separate program. For example, Before School is a separate program from After School. Therefore you need to add both programs if you require both programs

USE CHROME OR SAFARI
Use the most recent versions of either of these browsers. Also, the process tends to interface better on a laptop or desktop rather than a cell phone or tablet

WORKPLACE EMAILS AND OPEN WI-FI MAY PREVENT YOU FROM COMPLETION
It is suggested to use your home Wi-Fi due to firewalls and security settings that your employer may have in-place

DON’T GET TIMED OUT
Please be aware that after a period of inactivity (approximately 15-20 minutes), your registration will time-out and all information you entered will be lost
